

MUHAMMAD DARIS HAFIZH PERMANA

Web & Mobile Developer

Purwakarta, Indonesia. | darishafizh2021@gmail.com | +62895402212096 | www.linkedin.com/in/daris-hafizh

PROFESSIONAL SUMMARY

A Software Engineering graduate (D4) from Politeknik Enjinering Indorama with hands-on experience in Web Development and Mobile Development. Skilled in building and maintaining scalable web applications, native mobile development with Kotlin, and API integration, with advanced training in application architecture from Bangkit Academy (led by Google, GoTo, Tokopedia). Proficient in UI/UX principles, seeking a Web or Mobile Developer role to contribute technical expertise and build impactful digital solutions.

WORK EXPERIENCE

Full-stack Web Developer | PT. Sava Jaya Anugerah | Purwakarta, Indonesia

Sep 2024 – Dec 2024 (Internship)

- Developed a full-stack Inventory and Investigation System using Laravel and jQuery AJAX to streamline internal operations.
- Collaborated with the team to define project requirements and deliver features according to a structured timeline.

Frontend Developer & UI/UX Designer | Compunova | Purwakarta, Indonesia

Mar 2023 – Present (Freelance)

- Designed and developed responsive and intuitive user interfaces for 3+ web and mobile applications using Figma, Bootstrap, and Tailwind CSS.

PROJECTS

ASING! (Awes Stunting) – Mobile Health Application | Kotlin, API, Figma

- Developing a Kotlin-based Android application to assist parents in monitoring and analyzing nutrition by taking pictures of food to promote healthy growth in children.
- Integrated a API for seamless data synchronization with a central database, ensuring data accuracy and accessibility.

ImuNaku – Vaccination Tracking Web & Mobile Application | Laravel, Bootstrap, MySQL, REST API, Kotlin, Firebase

- Developing a web application to optimize Posyandu services in managing and sending reminders for children's vaccination schedules based on age, equipped with secure user authentication and a smart scheduling module.
- Developing a mobile application that parents can use to monitor and receive their children's immunization schedules and history.

EDUCATION

Politeknik Enjinering Indorama | Purwakarta, Indonesia

Bachelor of Applied Science in Software Engineering Technology | GPA: 3.39 / 4.00

Sep 2021 – Sep 2025

Relevant Coursework: Web Development, UI/UX Design, Mobile Development, System Analysis, Technopreneurship, SDLC.

SKILLS

- Web Development:** Laravel, Bootstrap, Tailwind CSS, JQuery, AJAX
- Mobile Development:** Kotlin, Flutter, C#
- Programming Languages:** PHP, Kotlin, JavaScript, Dart
- UI/UX Design:** Figma (Wireframing, Prototyping, User Research)
- Tools & Platforms:** Git, GitHub, Google Workspace, Microsoft Office
- Methodologies:** Agile, Scrum, RAD, Project Management, SOLID Design Principles

CERTIFICATIONS & TRAINING

- Certifications:** English for Business Communication (The British Institute)
- Training & Courses:**
 - Android Intermediate (Dicoding)
 - Kotlin Programming (Dicoding)
 - SOLID Design Principles (Dicoding)
 - GitHub Basic (Dicoding)
 - AI Fundamentals (Dicoding)
 - Applied Machine Learning for Android (Dicoding)
 - Dart Basic (Dicoding)
 - Flutter Basic (Dicoding)

ORGANIZATIONS

Journalist Student Activity Unit | Head of Student Resource and Development

Dec 2023 – Sep 2025

- Coordinating and designing training programs to develop skills in journalism, content creation, and digital media.

Software Engineering Technology Student Association | Chairperson

Oct 2023 – Oct 2024

- Responsible for all organizational activities and overseeing the successful implementation of more than 5+ programs, including leadership training and UI/UX Design workshops at the vocational school level.

Software Engineering Technology Student Association | Staff in the Cadre Affairs Division

Nov 2022 – Oct 2023

- Designed and implemented programs focused on student development and organizational regeneration to ensure leadership continuity.

Student Executive Board | Staff in the Community Service Division

Oct 2022 – Oct 2023

- Designed and managed various community service and research initiatives, coordinating logistics and volunteer participation.
